INDEX.

A

Abortion of one twin, delivery of second at term, 296
Abruptio placentæ, 912
Abscess of lung, experimental production of, 615
Achylia gastrica, etiology and pathogenesis of, 1
Action tremor, 771
Addison's disease, ephedrin therapy in, 754
Adrenalin, influence of, on perfused frog's kidney, 154
Alimentary disturbances in infants, 449
Alopecia, syphilitic, neurosyphilis and, 609
Anderson, John F., scarlet fever, antitoxin, preparation and clinical application of, 334
Anemia, pernicious, achylia gastrica and combined cord degeneration and their relationship, 905
familial, 173
type of phagocytic cell and its relative proportion in human bone marrow and spleen, as identified by supravital technique, 131
Aneurysms, intracranial, 772
Angina pectoris, etiologic factors in, 195
prodromal symptoms of, 418
Appendicitis in pregnancy, 139
stasis of ascending colon simulating, 147
Arteriosclerosis, increased blood pressure and, 444
Arthritis, chronic infectious, synovectomy in, 289
Aschner, Paul W., staphylococcus infection of renal parenchyma, 63
Asthma, effect of emotion on, 860
in children, 447
Aural auscultation, 615
Auricular tachycardia, paroxysmal, treatment of, 660

B

Bacillus tuberculosis, intratracheal injection of, 306
Bacterial flora of nose and throat in health and upper respiratory infection, 300
normal, variations of during colds, 922
Barach, Joseph H., diabetics, constitutional and hereditary traits in, 243
Baráth, Eugene, amphotrophic effects of drugs upon vegetative nervous system and on their physiologic and clinical significance, 107
Bendove, Raphael A., amphoric breathing and coin-sound test, prognostic value of, 221
Bennett, A. E., quantitative estimation of total protein content of cerebrospinal fluid, 249
Bettman, R. B., cholecystitis associated with situs transversus, 570
Binswanger, Herbert F., cholecystitis associated with situs transversus, 570
Blastomycosis of larynx, 616
Blood calcium and phosphorus in personality disorders, 771
capillary determination of icterus index by, 848
changes in convulsions, 758
in epilepsy, 758
corpuscles, red human, crenation of, in microscopic preparations, 155
effects of mercury-vapor arc baths on, 147
pressure and urinary findings in normal pregnancy, 611
transfusion recognition of biologic differentiation in white blood cells and, 285
unmodified, new technique of, 139
Blotner, Harry, paroxysmal auricular tachycardia, treatment of, 660
Boas, Ernst P., hypertension in its relationship to mitral stenosis and aortic insufficiency, 648
Bollinger, Adolph, experimental nephritis produced by irradiation, 487
Bone lesions, central, diagnosis and treatment of, 907
Bowing, Harry H., hemangioma of esophagus, 416
Brain, basal ganglia of, so-called calcification in, 305
tumors of, vascular lesions and, differential diagnosis of, 620
Brakeley, Elizabeth, ruptured Graafian follicle or corpus luteum cyst simulating acute appendicitis, 580
Breast, cancer of, malignancy of, degrees of, 773
roentgen ray and metastases in, 918
Bulbocapnin, action of, in three cases of paralysis agitans and one case of tremor of paralysis agitans type, 620
Bunker, Henry A., Jr., serial leukocyte counts in tertian malaria, 681

Byrne, Joseph, varicose ulcer: mechanism of its causation and cure, with notes on the associated pain and pupil inequality, 553

C

Cancer of breast, malignancy of, degrees of, 773
roentgen ray and metastases in, 918
in cervical stump, incidence of, 614
of cervix, irradiation of, 297, 457
of fundus, irradiation of, 915
of parametrium, 914
survey in Massachusetts, 613
Carcinoma, gastric, gastric ulcer and, 150
Cardiac diseases in children, intradermal salt-solution test in, 135
in man, estimation of transverse, 443
Carman, Russell D., obituary of, 617
Capillary permeability, 463
Cataract, preventive treatment of, 142
Caven, W. R., tertiary syphilis of liver, 781
Cerebral bloodflow, influence of, on respiration, 152
lesions, traumatic and nontraumatic, gross pontile bleeding in, 619
metabolism, influence of, on respiration, 926
Cerebrospinal fluid, dynamic studies on, in differential diagnosis of lateral sinus thrombosis, 146
Cervix uteri, injury of, immediate repair of, 913
Cesarean section, conduct of labor after, 760
Chen, K. K., anthelmintic property of quisqualis indica (shih chun tze), 113
Chest, metastatic tumors of, diagnosis and treatment of, 919
Children's dreams, subject matter and motivation of, 772
Chiray, M., Meltzer-Lyon test, physiology of, 11
Cholecystitis, cholelithiasis and, 446
cholecystography and, 302
Cholecystography, 908
in cases coming to operation, 287
by oral method, 303
Chordoma, a sacrococcygeal case and, 304, 305
Clark, L. Pierce, etiopathology of myoclonus epilepsy, 872
Clute, Howard M., chronic ligneous thyroiditis (Riedel's struma), 403
Cohen, William, human gastric response to meat and yeast extracts, 565
Colitis, chronic ulcerative, etiology and treatment of, 919
Collins, Lisle L., hemoglobin estimates in pregnancy, 548
Convulsions, blood, changes in, 758
Coronary occlusion, symptoms of, 286
Craniocerebral injuries, acute traumatic, 908
Creeping eruption, 292
Crohn, Burrill B., follow-up of one hundred cases of gastroduodenal ulcer treated by medical means, 691
Cullen, Thomas S., pancreatic cysts, 313

D

David, David, determination of icterus index with capillary blood, 848
Davis, Herbert H., mercurochrome-220 soluble, present status of, 340
Dementia precox, weight of heart in, 772
in identical twins, 619
Dermatoses, physical allergy as cause of, 137
Diabetes in children, recent studies in, 759
with lipemia, lipoid containing cells in spleen in, 774
Diabetic children diets, 394
Diabetics, constitutional and hereditary traits in, 243
Diphtheria bacilli, presence of, in nasal cavity of newly born, 765
following tonsillectomy, 144
Dislocation of hip, congenital, 133
Diverticulitis of sigmoid, 133
Döderlein's vaginal bacillus, 921
Dorst, S. E., familial pernicious anemia, 173
Doub, H. P., experimental nephritis produced by irradiation, 487
Downing, Harold F., mongolian idiocy in twins, 866
Duncan, Garfield G., myocardial insufficiency, arterial hypertension and, 351
Duodenal diverticulum, 590
Dwight-Frost cardiorespiratory test in myocardial insufficiency, 906

E

Ear deafness, middle and internal, differential diagnosis of, 917
Ebaugh, Franklin G., lipoidal in localization of spinal lesions, 117
Edematous anthrax of face resulting in meningitis, 765
Einhorn, Max, pancreatic tumors, 796
Einhorn, Moses, follow-up of one hundred cases of gastroduodenal ulcer treated by medical means, 691
Elliott, David C., effect of emotion on certain cases of asthma, 860
Endocarditis, experimental, production of, with pneumococci and streptococci, 621

Endocarditis, subacute infective, bacteriology of, 459
Endocervicitis, chronic, cautery treatment of, 454
Ependymomas of lateral and fourth ventricles of brain, 307
Epidermics, experimental methods of study of, 623
Epilepsy, blood changes in, 758
myoclonus, etiopathology of, 872
Epinephrin, rectal administration of, 425
Esophagus, hemangioma of, 416
Ethyl-iodid method for determining cardiac output in man, 926
Exophthalmic goiter, 287
Eye, tuberculosis of, 764

F

Faber, Knud, achylia gastrica, etiology and pathogenesis of, 1
Louis Henry, pulmonary tuberculosis, relative value of roentgen ray and physical signs in diagnosis and treatment of, 382
Fallopian tube, congenital diverticula of, tubal pregnancy and, 913
Farr, Charles E., ruptured Graafian follicle or corpus luteum cyst simulating acute appendicitis, 580
Farrand, B. C., tularemia, 853
Fatigue, influence of, on infection, experiments on, 621
Faught, Francis Ashley, focal infection in relation to medical problems, 718
Feces, examination of, for ova of parasitic worms and encysted ameba, 755
Federal public health activities, legal authority and limitations governing, 461
Feeding in children, 608
Fineberg, Meyer H., hypertension in its relationship to mitral stenosis and aortic insufficiency, 648
Fishberg, Arthur M., blood serum in pernicious anemia, color of, diagnostic value of, 81
Flint, Austin, phenomena of, 603
Fractures, simple, healing of, 288
Freeman, George C., dangerous universal donor, 664
Friedenwald, Julius, pancreatic cysts, 313

G

Gaarde, Fred W., treatment of hay fever with ephedrin, 588
Gall-bladder diagnosis from standpoint of surgeon, 303
Gastric motility, 604
ulcer, diagnosis of, reliability of niche in, 770
gastric carcinoma and, 150
Gastritis, chronic, roentgen ray signs in, 918
Gastrojejunal ulcer, roentgenologic diagnosis of, 769
Glomerular circulation following occlusion of renal vein in one kidney in cat, 774
Glomerulonephritis, experimental, in rabbits, with endotoxic streptococcus scarlatinæ, 906
Glycuronic acids, conjugated, production of, in depancreatized dogs, 151
Goiter in children in New York City, 290
disease of thyroid gland with reference to, 756
surgery, 757
Gompertz, Louis M., human gastric response to meat and yeast extracts, 565
Gonococcal endocervicitis, diathermy treatment of, 613
Graham, Evarts A., new developments in our knowledge of the gall-bladder, 625
Gray, H., diabetic children's diets, 394

H

Habliston, Charles C., pulmonary tuberculosis, mistakes in diagnosis of, 367
Haden, Russell L., lesions in rabbits following intravenous injection of bacteria from chronic periapical dental infection, 885
Hard-of-hearing, some problems of their solution, 768
Hartmann, F. W., experimental nephritis produced by irradiation, 487
Haskins, Howard D., new table for lactose (milk or urine) and glucose (blood or urine) calculation, 256
Heart disease, etiology of, 185
experimental, 130
weight of, in dementia precox, 772
Heim, Harlan S., epinephrin, rectal administration of, 425
Hemolytic streptococci in pharynx and tonsils of infants and children, 144
Hemophilics, roentgen ray examination of joints of, 147
Hernia, strangulated, viability of intestinal contents and, 132
Higgins, Charles C., influence of various factors upon the hemagglutination of red blood corpuscles, 510
Hillman, Oliver, sporotrichosis meningitis, 726
Hip, congenital dislocation of, 133
Hsiang-chuan Hou, anthelmintic property of quisqualis indica (shih chun tze), 113

Hypercholesterolemia, 450
Hypersensitiveness, acquisition and loss of, in early life, 909
Hyperthyroidism, otolaryngology and, 301
Hyslop, George H., sporotrichosis meningitis, 726

I

Infant, injuries of, during delivery, 612
Infant's underwear, properties of some fabrics used in, 291
Influenza and schizophrenia, 619
Intestinal obstruction, experimental test in, 906
Intracranial aneurysms, 772
Intramuscular absorption of insoluble bismuth compounds as revealed by roentgen rays, 451
Intraperitoneal pisease, abdominal puncture in diagnosis of, 288
Isaacs, Raphael, lymphoblastoma, 157

J

John, Henry J., insulin reaction, lack of uniformity in, 96
Jones, T. Duckett, heart disease, etiology of, 185

K

Kahn, Morris H., angina pectoris, etiologic factors in, 195
prodromal symptoms of, 418
Kahn precipitation test and Kolmer complement-fixation test, clinical study of, 293
Kampmeier, R. H., duodenal diverticulum, 590
Kanton, John L., colitis as common disorder of digestion, 707
Katayama, Ichiro, thyroid dysfunction, Kottmann reaction in, diagnostic value of, 84
Keratoses, arsenic and arsenical pigmentation and, microchemical studies of, 136
Kerwin, William, hemoglobin estimates in pregnancy, 548
Kidney, mammalian, glomerular distribution of blood and, 148
Kimbrough, Ray D., heart disease, etiology of, 185
King, Judson C., African sleeping sickness, intramuscular administration of tryparsamid and, 51
Kline, Florence M., occurrence of anemia in four generations, 533
Koster, Harry, acute omentovolvulus, 230
Kraus, Walter M., sporotrichosis meningitis, 726
Krumbhaar, E. B., leukemoid blood pictures of various clinical conditions, 519

L

Labor, induction of, 761
Langerhans, islands of, compensatory hypertrophy and hyperplasia of, in pancreas of child born of diabetic mother, 920
Larynx, blastomycosis of, 616
Leonard, George F., scarlet fever antitoxin, preparation and clinical application of, 334
Leukemoid blood pictures of various clinical conditions, 519
Levine, Samuel, peptic ulcer, etiology and pathology of, 22
paroxysmal auricular tachycardia, treatment of, 660
Liver necrosis and cirrhosis produced experimentally by coal tar, 460
tertiary syphilis of, 781
Lung, abscess of experimental production of, 615
Lysis killed by living staphylococci, 622

M

McCrae, Thomas, tertiary syphilis of liver, 781
McFarland, Joseph, tumors of parotid region, 804
McKinney, J. T., phytobezoar diospyri Virginianæ, 703

types in pneumonia in children, 608
Pneumonia, epidemiologic study of, and its mode of spread, 923
immunization against, 310
lobar, nasal passages in, 301
observations on, at Cook County Hospital, Chicago, 922
Porter, William B., phytobezoar diospyri Virginianæ, 703
Pregnancy, appendicitis in, 139
danger of malformation of fetus in roentgen ray treatment during, 139
early diagnosis of, use of vaginal stethoscope in, 295
fibroids of uterus and, incompatibility of, 295
full-term extrauterine, 139
ovarian, report of a case of true, 455
parturition and health after surgical replacement of uterus, 761
proliferative gingivitis of, 446
pyelitis in, 458
syphilis in, 138
toxemias of, etiology and, 296
Presurgical conditions, diagnosis and treatment of, 759
Prolapsus uteri, Watkins interposition operation in treatment of, 912

Prostatectomy, obstruction at vesical outlet after, 908
Psoriasis, salicin treatment of, 137
Puerperal fever, 453, 455
sepsis, 295
Pulmonary hilum tuberculosis in an adult, 306
tuberculosis, mistakes in diagnosis of, 367
roentgen ray and physical signs and, 382
Pyelitis in infants, 759
in pregnancy, 458
